

KiziCafé: Kids Talk - Bilinguale Kita

Englisch schon im Kindergarten, eine gute Möglichkeit für frühkindlichen Spracherwerb auf spielerische Weise. Unsere kiziExpertin gibt Einblicke in das bilinguale Konzept und zwar in Englischer Sprache:

You're looking for the right place for your child's early education? Maybe German ist not your mother tongue or you want your kid to get in touch with the English language as early as possible. Our expert is a native speaker and introduces the bilingual concept of our kinderzimmer kindergartens from the crèche up to pre-school. Children learn the language just naturally because it's part of their everyday songs and favorite games. Join our kiziCafé and learn about these opportunities. Take a break at our kiziCampus or join the conversation online from home. Register now for free, seats are limited.
